The Western Montana Chapter of Safari Club International is a non-profit organization dedicated to conserving wildlife and preserving hunting. As a 501 (4) organization that works at the state and local level, as well as nationally through its parent organization (SCI), we support issues that protect the right to hunt and we partner with other pro-hunter organizations that support wildlife conservation. SCI is first in the field with pro-hunting legislation, litigation against antihunting initiatives and international advocacy for hunting. We are "SCI-FIRST FOR HUNTERS".
